

PREPARE TO RESPOND

JCRB|AJC works to ensure that young Jews in Kansas City are informed, prepared, and effective advocates for the Jewish people and for themselves.

Here are some helpful tips and resources for combating antisemitism.

PREPARE

Stopping antisemitism starts with understanding it. Learn more at jcrbajc.org on our "Resources on Antisemitism and Israel" page. For resources on Holocaust education, go to mchekc.org. Here are some key resources for students and families:

- **Translate Hate Glossary:** A guide to antisemitic terms, phrases, conspiracies, cartoons, themes, and memes.
<https://www.ajc.org/translatehateglossary>
- **Antisemitism 101:** A basic overview of historical and modern antisemitism.
<https://bit.ly/Antisemitism101>
- **Student Resources Document:** Specially-curated resources with recommended Instagram accounts, YouTube videos, and tips on responding to antisemitism and having conversations about Israel.

RESPOND

We encourage students to speak up against antisemitism when they feel confident and safe, and to go to their parents or other trusted adults for support. Report online antisemitism directly to social media platforms.

Students who have experienced or witnessed antisemitism can fill out a Student Incident Report: <https://jcrbajc.org/resources/report-antisemitism/>

For help responding to antisemitic incidents, please contact JCRB|AJC's Assistant Director of Education and Programs, Sarah Markowitz, at sarahm@jewishkc.org.
