

CALENDAR OF JEWISH HOLIDAYS

2022-2023 5783

DESCRIPTION OF OBSERVANCE

There are three major branches within Judaism: Orthodox, Conservative, and Reform. All three consider the holy days to be special religious events. Each has its own practice of observance regarding work and school on holy days. As a result, the number of days which a holy day may be observed varies from person to person.

The Jewish Sabbath (Shabbat) begins each week before sunset on Friday and ends after sunset on Saturday.

All Jewish holidays begin before sunset of the previous evening. It is important that schools avoid conflicts on the eve and the day of the holiday.

STUDENTS AND STAFF WILL PROBABLY BE ABSENT FOR THESE HOLY DAYS, AND SHOULD NOT BE EXPECTED TO PREPARE ASSIGNMENTS OR FOR EXAMS.
